Base15

SKU:K025

Description

Base15 is a highly customizable industrial base in the M5 ecosystem. It is similar to the PLC Base but offers a higher level of customization. The kit includes a protoboard (universal board) that allows you to add your own circuit design, and it reserves solder pads for two Grove interfaces for easy circuit expansion. It comes with M-type waterproof connector components, which allow the user to install them on the side or bottom of the base. The "15" in **Base15** refers to the base’ s height of 15cm, with each side of the base being freely detachable, cuttable, and customizable into different interfaces to meet various needs. For base customization, we provide numerous alternative structural components and have made them completely open-source, so you can create 3D print files or secondary designs based on them. Additionally, the base is fully compatible with M5 stackable modules and hardware expansion systems. On the bottom of the product, we provide two different mounting methods: rail mounting and suspended mounting. The base is encased in an industrial-grade shell, and the freely splicable components give you unlimited combination possibilities to create powerful and reliable industrial applications. For developers targeting industrial scenarios with certain protection requirements and seeking highly customized projects, **Base15** is an excellent solution.

Features

- Supports high customization
- Replaceable parts
- M5-Bus expansion
- Onboard DC-DC conversion (9 ~ 24V -> 5V)
- 2 types of base mounting methods

Includes

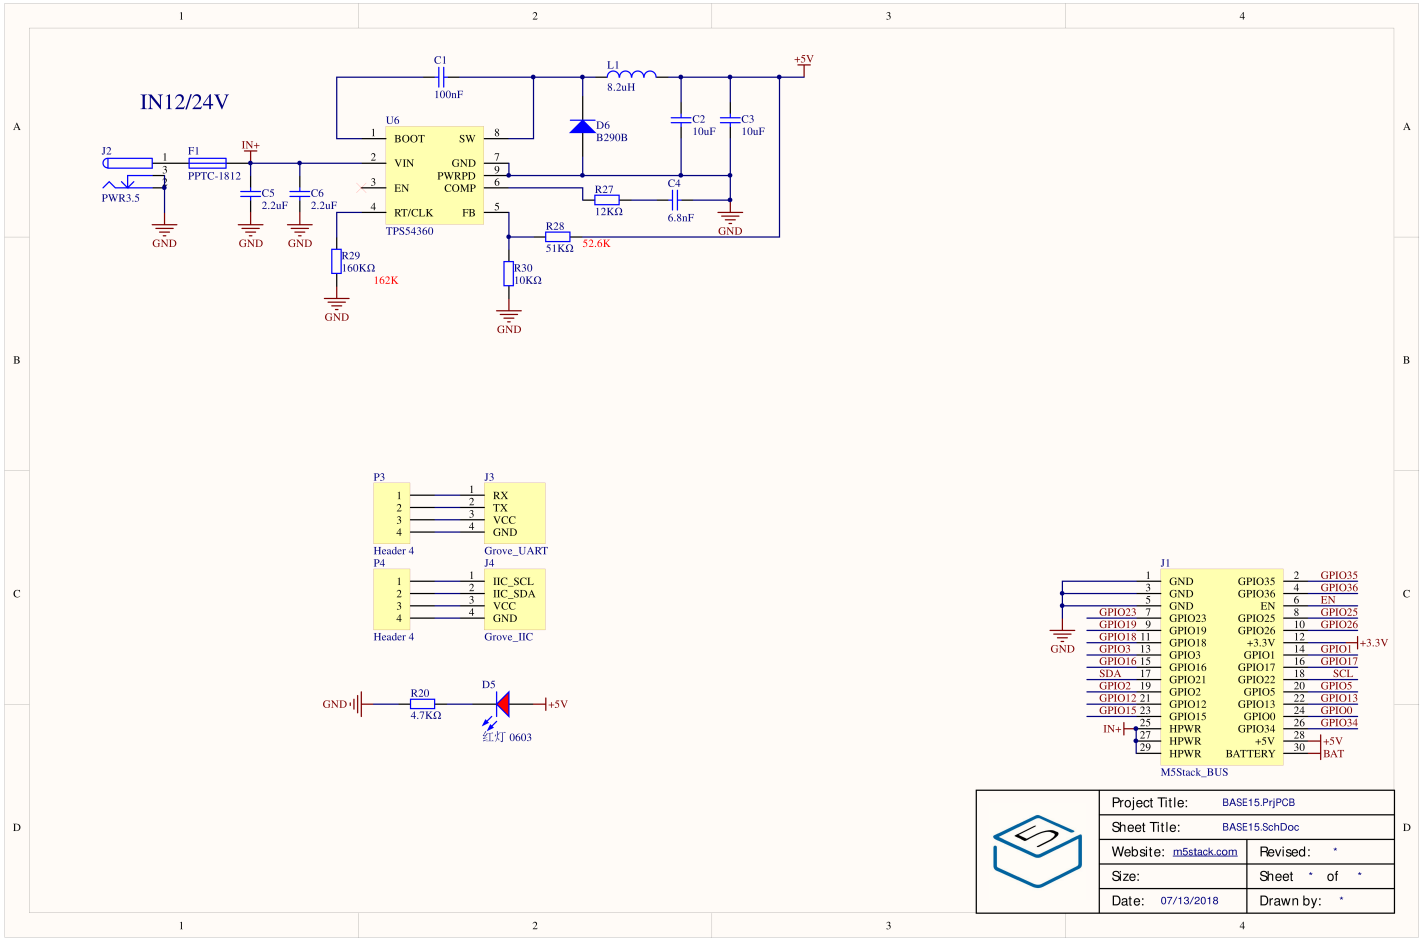

- 1 x Base15 Proto Board
- 1 x Base15 Base Enclosure
- 2 x HY2.0-4P Terminal
- 1 x Hex Key L-Shape 1.5mm
- 1 x Hex Key L-Shape 2.0mm
- 1 x Hex Key L-Shape 2.5mm
- 1 x 35mm Silver Metal DIN Rail
- 1 x 35mm Black DIN Rail Clip
- 2 x M3 * 8mm countersunk head machine screw
- 2 x M3 * 22mm cap head machine screw
- 4 x M2 * 5mm cap head self-tapping screw
- 2 x M3 Nut (with anti-slip nylon insert)
- 1 x Product Sticker

Specifications

Specification	Parameter
Product Size	54.0 x 54.0 x 15.0mm
Product Weight	21.0g
Package Size	125.0 x 67.0 x 23.0mm
Gross Weight	116.0g
