SandwichC

SKU:A123

Description

SandwichC is a "back-to-back" physical connection component specifically designed for **StickC/C-Plus** and **Unit Series** as well as **Timer Camera X/F**. It helps users conveniently integrate **Unit** with the **StickC/C-Plus** host. The component features 4 rows of different Unit mounting holes, allowing it to accommodate Units of varying lengths. Additionally, there are 4 mounting holes on both ends of the component, making it easy to secure the entire setup.

Includes

- 1 x SandwichC plastic part
- 2 x M3 nuts
- 2 x M3 x 12mm countersunk screws
- 1 x HY2.0-4P 5cm cable
- 1 x M2.5 hex key
