Corner

SKU:A036

Description

Corner is a right-angle aluminum profile connector in the M5 structural system. It is compatible with **1515 Aluminium - Profile** and supports connecting aluminum profiles from three directions, secured with screws. It helps you quickly build structural designs with right angles, such as rectangles.

Features

- 90° three-direction connector.
- Compatible with **1515 Aluminium-Profile**.

Includes

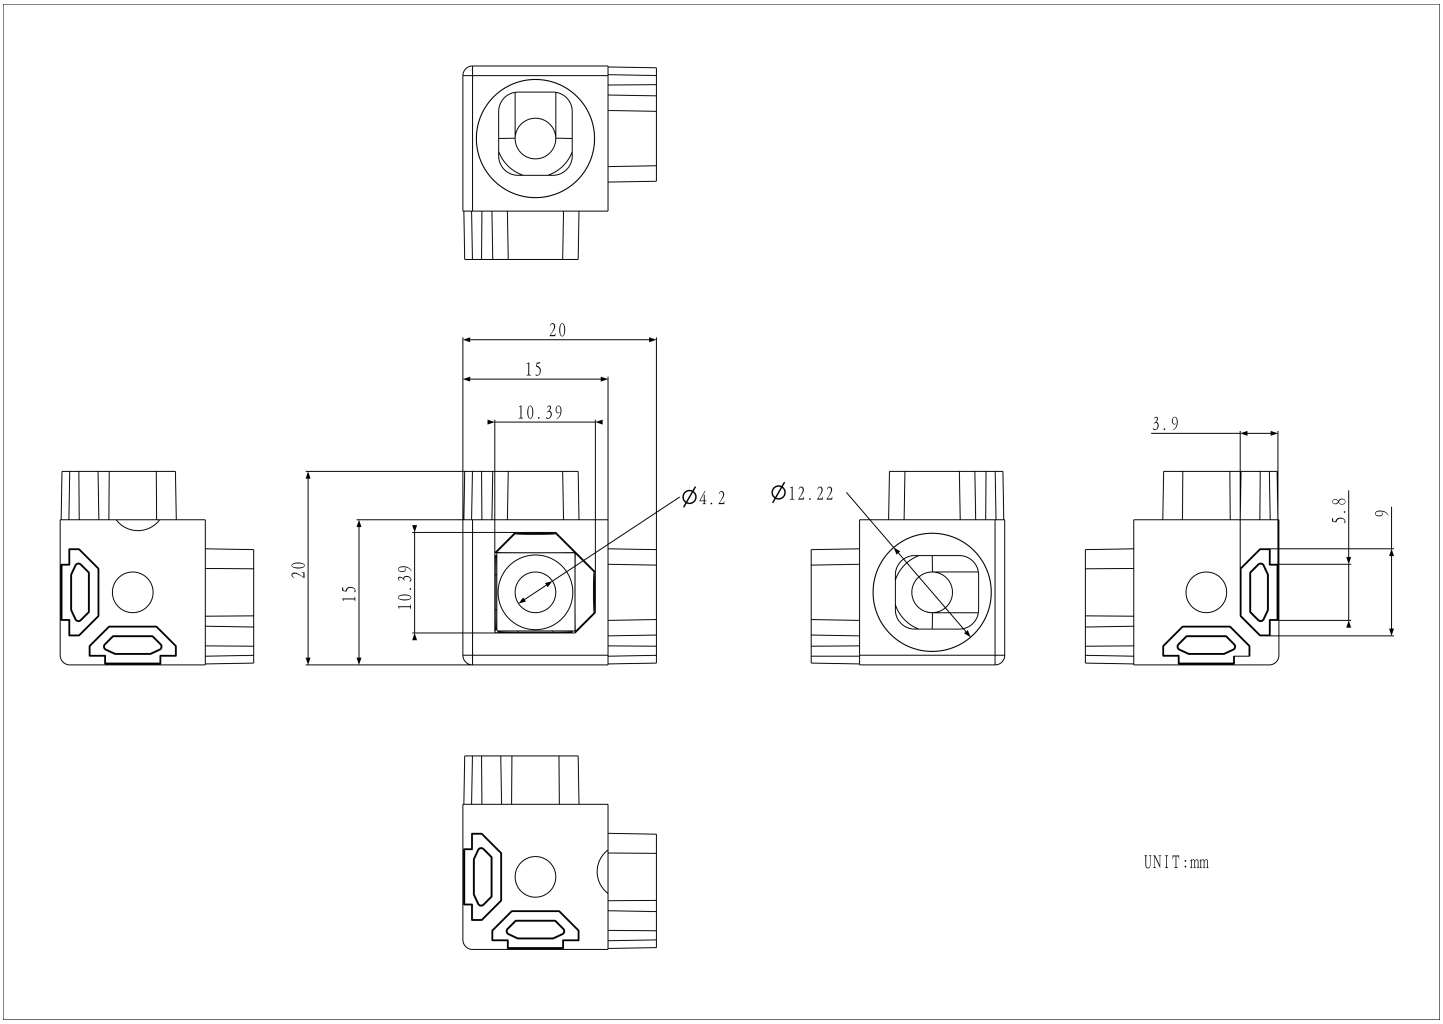

- 10 sets, each containing:
- 1 x Corner Connector
- 3 x M4 Screw
- 1 x Connector Cap
